

## **On the Deck, Current Adventures at GraySail**

### **Congratulations Karen Acree!**

GraySail's debut of the Coaster service suite in Hollywood was successful. One of the incentives for Syllabus2005 attendees to meet with GraySail was a bright blue 4GB iPod mini. Karen Acree, a Title V Program Manager and Instructional Technologist from The University of New Mexico, Valencia won the iPod

Congratulations to Karen, and that you to all who registered!

GraySail LLC is a Web and data services company based on Columbia, South Carolina. Specializing in the area of complex data problems, GraySail provides a variety of business/technical consulting and development services. Along with solutions related to data architecture and analysis GraySail also provides marketing media services such as graphic design, web design, logo development, and flash animation design.
